

La Scuola d'Italia Celebrates its Annual Benefit Dinner

La Scuola D'Italia will honor New York State's former First Lady, Matilda Cuomo, and Automobili Lamborghini Chairman and CEO, Stefano Domenicali, at its annual gala on March 2, 2018 at Cipriani Wall Street in New York City.

All funds raised at the gala will continue to advance La Scuola D'Italia's unparalleled Pre-K-12 Italian English bilingual educational experience, instruction that not only prepares students to succeed in future academic endeavors, but to take their place in a global society.

Founded in 1977 by the Italian Ministry of Foreign Affairs to meet the academic needs of Italians living in the New York City metropolitan area, La Scuola d'Italia "Guglielmo Marconi" has established itself as a unique bilingual educational institution building on the best features of the Italian and American educational systems.

The Annual Benefit Dinner has raised more than \$2 million since its inception in 1995, and has provided critical support for a wide range of core educational priorities, scholarships, and co-curricular enrichment programs including art, music, technology, and sports. This year's fundraising priorities include scholarships, enhancement of the preschool program--to include the addition of French as a third language-- and the elementary curriculum, upgrades to the Upper School science

lab, and enhanced technology within the high school.

"We are grateful to the dedicated volunteers who conduct the benefit dinner to raise funds for key initiatives and core programming," said Maria Palandra, Head of School. "This event brings together La Scuola parents, past parents, teachers, upper-class students, alumni, faculty, staff, and friends for an event that displays the warmth and generosity of the school community."
